Endocrinology, Diabetes & Metabolism Hong Kong

18th Nov 2018

Hong Kong Convention & Exhibition Centre

JOINTLY ORGANIZED BY

INVITATION FROM THE ORGANIZING COMMITTEE

Dear colleagues,

It gives us great pleasure to inform you that the *Endocrinology, Diabetes & Metabolism Hong Kong (EDMHK)* inauguration conference will be held on 18th November 2018. The conference is jointly organized by KK Leung Diabetes Centre, Osteoporosis Centre of Queen Mary Hospital and Division of Endocrinology and Metabolism of the University of Hong Kong. With a steep increase in the prevalence of, not only diabetes, but also other endocrine disorders such as obesity, osteoporosis and metabolic diseases both locally and globally, the EDMHK aims to provide a new platform for practicing clinicians to share with each other the most updated and comprehensive knowledge on these diseases. The meeting will encourage exchange of ideas and practical experience for better understanding and management of these conditions through lectures and illustrative cases sharing. On behalf of the organizing committee, I welcome you all to join us to kick start this very important conference.

Kathryn CB Tan
Chief, Division of Endocrinology and Metabolism

Entry Requirement

Open to all local / overseas general practitioners or specialists and healthcare providers with active involvement in management of endocrine disorders.
